Services Available

Welcome to Artemis Veterinary Clinic.

Thank you for choosing us to care for your pets.

Healthy and happy pets require certain routine treatments. In order to help you meet these needs, we have designed the Pet healthcare plan for rabbits, cats and dogs.

By joining one of our plans, you spread the cost of routine treatments over the year and receive further discounts on other selected treatments.

This leaflet contains information on how the Pet healthcare plan can help keep your pet in good health, and save you money at the same time.

Pets Health Plan

Unlike pet insurance, which normally cover emergency treatments, this plan includes all the routine treatments your pet needs to stay in the best of the health.

All of our plans include:

- Flea and worming
- Annual booster vaccinations
- 6 monthly check up
- 3 perks a year to choose from:
 - Nurse consultation
 - Nail clipping
 - Anal glands expression

Joining is quick and simple with just a short form to complete. Please speak with one of the team today!
